Information for CAS Supervisors

Dear CAS Supervisor,

The International Baccalaureate (IB) Diploma is a programme of education delivered at upper-secondary schools throughout the world. As a part of the IB Diploma, students must complete a programme called CAS, which stands for Creativity, Activity and Service.

The CAS programme aims to provide the student with challenges in these three areas.

The students should undertake each task with clear goals and with a responsible adult supervisor. The students should not receive payment for these activities and they should not be assisting family members or relatives.

We would highly value your collaboration as an activity supervisor. Your understanding, support, and direction play an important role in ensuring the overall success of the student participating in the activity.

As a supervisor, you will be asked to evaluate the student's performance. In particular, you will be asked to monitor the student's attendance, provide guidance and support relating to the activity, alert the CAS Coordinator of any problems, and report on the student's performance.

Should you have any questions regarding the CAS programme, please do not hesitate to contact me.

Thank you for your support!
